

ESPEN - Wretlind Lecture

- 1979 *Stockholm* **S.J.Dudrick**
Current status of total parenteral nutrition
- 1982 *Vienna* **G. Dietze**
Interorgan substrate flow
- 1983 *Brussels* **D.H. Williamson**
Regulation of substrate utilization
- 1984 *Milan* **P. Furst**
Regulation of intracellular metabolism of amino acid
- 1985 *Munich* **M.J. Rennie**
Metabolic insights from the use of stable isotopes in physiology and nutrition
- 1986 *Paris* **D.B.A. Silk**
Towards optimal enteral nutrition
- 1987 *Barcelona* **J. Bergström**
Protein metabolism in renal failure
- 1988 *Leipzig* **Y.A. Carpentier**
Metabolism of intravenous lipid emulsions
- 1989 *Helsinki* **D.J. Millward**
Hormonal regulation of protein turnover
- 1990 *Athens* **H. Kehlet**
Surgical stress and postoperative outcome. What is the issue?
- 1991 *Antwerp* **C. Matuchansky**
Malnutrition and the gut
- 1992 *Vienna* **S.P. Allison**
The uses and limitations of nutritional support
- 1993 *Budapest* **K. Lundholm**
Metabolic and nutritional response to intravenous nutrition
- 1994 *Birmingham* **D. Häussinger**
Regulation of metabolism by changes in cellular hydration
- 1995 *Rome* **C. Cobelli**
Tracers and models in the study of human metabolism

- 1996 *Geneva* **M.I. Kilberg**
Nutrition and gene expression
- 1997 *Amsterdam* **S.J.H. van Deventer**
Immunomodulation of inflammatory bowel disease
- 1998 *Nice* **J.M. Keteisiegiers**
Interaction between nutrients and growth factors
- 1999 *Stockholm* **T. Olivecrona**
Triglyceride transport and metabolism - Where is the regulation
- 2000 *Madrid* **J. Wahren**
Nutrition and splanchnic metabolism
- 2001 *Munich* **O. Hernell**
Molecular and physicochemical aspects of fat digestion
- 2002 *Glasgow* **B.R. Bristian**
Immuno-nutrition: What is the clinical evidence?
- 2003 *Cannes* **E. Vinnars**
The history of nutritional support in the last 25 years
- 2004 *Lisbon* **M Gassull**
Nutritional sciences: old knowledge, new concepts?
- 2005 *Brussels* **R Chiolero**
Feeding the critically ill patient: old and new perspectives
- 2006 *Istanbul* **O. Ljungqvist**
Metabolism and recovery after surgery
- 2007 *Prague* **H. Lochs**
Disturbed intestinal permeability: a key to mechanism for cachexia and catabolism
- 2008 *Florence* **J. Wernerman**
Glutamine supplementation in the ICU
- 2009 *Vienna* **C. Pichard**
Body composition: why?
- 2010 *Nice* **B. Messing**
Intestinal failure: from adaptation to transplantation
