

OVERVIEW OF THE PROGRAMME

SATURDAY, SEPTEMBER 20TH, 2003

Palais des Festivals et des Congrès, Terrace, 6th floor

20.00 - 21.00

Welcome Reception

SUNDAY, SEPTEMBER 21ST, 2003

08.00 - 10.30

Auditorium K

The new ESPEN Special Interest Group on "Multicentre Trials in Clinical Nutrition"

10.00 - 11.30

Room Esterel

Satellite Symposium
Health@tech
Indirect calorimetry -
A tribute to the late DH
Elwyn and S Bursztein

Auditorium A

Satellite Symposium
iMDsoft
Computers in nutrition

Debussy Theatre

12.15 - 12.45

Opening ceremony

12.45 - 13.15

Introductory lecture
Old stagers turn new agers

13.15 - 13.45

Cannes - Israel special lecture
War, plague and famine: a devastating trio throughout history

Debussy Theatre

Room Esterel

Auditorium A

Auditorium K

14.00 - 15.30

Track: Protein wasting in chronic disease
Part I: Mechanism of protein wasting in different diseases

From data to health policy

Nutrition and the brain: can we interfere?

Oral presentation I (clinical)

15.30 - 16.00

Coffee/Tea Break

Debussy Theatre

Room Esterel

Auditorium A

Auditorium K

16.00 - 17.30

Track: Protein wasting in chronic disease
Part II: Counter measures to chronic wasting
Supported by a grant from Novartis Medical Nutrition

Dietician's symposium
Nutrition throughout the woman life cycle

Nurse session: Case study: Home parenteral nutrition in children

Pharmacist session
Amino acids

Debussy Theatre

Auditorium K

17.30 - 19.00

Satellite Symposium
Novartis Medical Nutrition:
Nutrition and Oncology:
A fascinating challenge

Satellite Symposium
Dade Behring
Malnutrition - Impact of Diagnosis on Management

OVERVIEW OF THE PROGRAMME

MONDAY, SEPTEMBER 22ND, 2003

	Debussy Theatre	Room Esterel	Auditorium A	Auditorium K
08.00 - 09.30	Track 1: Insulin resistance Session I - Is insulin resistance the cause of obesity? Supported by a grant from Abbott	Nutritional guidelines ESPEN and other Societies Supported by a grant from Baxter	Artificial nutrition and the liver	Oral presentation II (clinical & basic science)
09.30 - 11.00	Track 2: Insulin resistance Session II: Insulin resistance in intensive care Supported by a grant from Fresenius Kabi	On nutrition and haematology: consumption and coagulation	Very long chain fatty acids - the new era of nutrition	Nutrition and the kidney Supported by a grant from Nutricia
11.00 - 11.30	Coffee/Tea Break			
	Debussy Theatre			
11.30 - 12.15	Cuthbertson lecture			
12.15 - 13.15	Research fellowship award and symposium			
13.15 - 13.45	Lunch			
13.45 - 14.15	Poster Viewing			
14.15 - 15.30	Guided poster session			
	Debussy Theatre	Room Esterel	Auditorium A	Auditorium K
15.30 - 17.00	Track 3: Insulin resistance Session III: Exercise and insulin resistance	Nutrition and Palliative Care Supported by a grant from Novartis Medical Nutrition	ESPEN / ASPEN: Outcome of nutritional support in: <ul style="list-style-type: none">• Geriatrics• Obesity• Cancer	Oral Presentation III (basic science)
17.00 - 18.00			ESPEN General Assembly (Reserved for ESPEN members)	
18.00 - 18.40			ESPEN Extraordinary Assembly (Reserved for ESPEN members)	

OVERVIEW OF THE PROGRAMME

TUESDAY, SEPTEMBER 23RD, 2003

	Debussy Theatre	Room Esterel	Auditorium A	Auditorium K
08.00 - 09.30	Nutrient Gene Interaction	Vitamins and Hormones	Mediterranean diet	ESPEN / ESPGHAN symposium
09.30 - 11.00	Nutritional modulation of intestinal physiology	Metabolic efficiency in health and disease Supported by a grant from Datex Ohmeda	Functional food: from concept to market place	Nutrition and bone health through life span

11.00 - 11.30

Coffee/Tea Break

Debussy Theatre

11.30 - 12.15

Arvid Wretling ESPEN 25th anniversary lecture:
The history of nutritional support in the last 25 years

12.15 - 13.15

Research fellows' symposium II

13.15 - 13.45

Lunch

13.45 - 14.15

Poster Viewing

14.15 - 15.30

Guided poster session

	Debussy Theatre	Room Esterel	Auditorium A	Auditorium K
15.30 - 17.00	Microbial flora and the gut Supported by a grant from Nestlé	Key papers in the field of clinical nutrition (2002-2003)	Insights from Tracer Studies in metabolic research	ESPEN / FELANPE symposium Short bowel syndrome

Debussy Theatre

17.00

Closing Ceremony
