

LLL COURSES

What are the LLL Courses?

The ESPEN Leonardo da Vinci Life Long Learning Project is an ESPEN - EU global effort to improve daily practice in Clinical Nutrition and Metabolism and develop quality care in nutrition by means of an innovative educational initiative.

What are the main objectives?

To improve knowledge, competence and skills of health professionals and students in Clinical Nutrition and Metabolism while providing CME credits and European certification for medical doctors.

Paying courses are reserved upon registration to the Congress.
