## Intestinal Failure Workshop

The annual Salford ESPEN-endorsed Workshop on Acute and Chronic Intestinal Failure will be held as a webinar on **23rd & 24th April 2021**

The course will be virtual in nature and aimed at physicians, surgeons, dietitians, pharmacists, nurses and psychologists with an interest in Intestinal Failure.

Delegates will gain experience in how a dedicated Intestinal Failure Unit functions and the role of the multidisciplinary team.

Places are limited due to the interactive nature of the programme.

Preference is given to ESPEN members.

Previous courses have been very well received, particularly the practical demonstrations of central venous catheter care and management, surgical-medical interaction, case-based discussions and patient-centred ward rounds.

**Numbers are limited to 40 delegates and ESPEN members have priority.**

**COST: 120 Euros. To apply for a place, please send a CV to:**

Angela Page [angela.page@srft.nhs.uk](mailto:angela.page@srft.nhs.uk) or contact: **+44 161 206 5364**

or Professor Simon Lal, Course Director [simon.lal@srft.nhs.uk](mailto:simon.lal@srft.nhs.uk)
