

# Intestinal Failure Workshop

**The 10<sup>th</sup> Annual Salford ESPEN-endorsed Workshop on Acute and Chronic Intestinal Failure will be held as a 2-day webinar on 13th & 14th May 2022**

The course will be virtual in nature and aimed at physicians, surgeons, dietitians, pharmacists, nurses and psychologists with an interest in Intestinal Failure.

Delegates will gain experience in how a dedicated Intestinal Failure Unit functions and the role of the multidisciplinary team.

Previous courses have been very well received, particularly the practical demonstrations of central venous catheter care and management, surgical-medical interaction, case-based discussions and patient-centred ward rounds.

Places are limited due the interactive nature of the programme & preference is given to ESPEN members.

**COST: £120 GBP. To apply for a place, please contact:**
